CULTURAL FESTIVAL - TONIGHT, CIVIC CENTRE

CROSS COUNTRY

What an amazing day we had at Lytton Street yesterday. The weather came to the party and enabled all our kids to have a blast whilst they motored around the course. Cross Country is not only about running, it's about supporting your mates and peers and showing off your house colours. Photos from the day will be on display in the school office later this week.

Results from the event are displayed to the right. A huge congratulations to all our kids and a massive thank you to our parents for providing such wonderful support - a great day had by all.

ROBOT RUBBISH COLLECTOR

Emeliah, Marky, and Lachlan have worked hard to produce a prototype of a robot that rolls along the ground, picking up waste, burning it inside without releasing carbon dioxide into the air and using the ash to give nutrients to the ground. There was a lot of trial and error identifying potential problems in the planning stage but it was all very well thought out and they showed great collaboration.

HEALTH & SAFETY: ANXIETY IN OUR KIDS

Anxiety is becoming prominent in our young people all over the country. Over the next few weeks this section will focus on information and handy tips to support parents to support their children who manage anxiety.

Let Them Know They Can Handle Anything

Children will catch whatever you send out, so let your words and demeanour be peaceful and calm, even if you have to fake it. Let them know that there is nothing they can say that will make you sad, angry or disappointed in them. Keep the connection and take the opportunity to show them that coming to you, however hard it is, will always be worth it. As a parent you may feel all these things, but hang onto them. If they're opening up to you, it's because they trust you and want to bring you into their world, which is a pretty special place to be. Keep the connection and take the opportunity to show them that coming to you, however hard it is, will always be worth it. You can't imagine how grateful you might be for this one day.

Next week: set a time to chat - with a definite beginning and a definite end

SPEECH COMPETITION

Rose and Stella (photos far right) competed in the annual Lions' Club Speech Competition held at the Baptist Church here in Feilding. The girls have been practicing their speeches for the last week following their first and second placings at our school competition. The girls performed extremely well amongst some stiff competition - congratulations to you both.

HAY BALES

A huge thank you to Jeff Erard at Erard Contracting on Kimbolton Road for providing the hay bales for our cross country yesterday. This is the second year he has supplied us with the hay for our fun obstacle and we really appreciate it.

DONATION

We have had an amazing donation of close to 100 balls for our school from the Sport, Education, Community and Cultural Foundation (SECC). The sports balls have been generously made available through a grant from Air Rescue and Community Services. Thanks so much to Bryan Hall, the chairperson of SECC, for these wonderful resources which will benefit every class at LSS.

sKiDs HOLIDAY PROGRAMME

As usual sKiDs are offering a holiday programme. This programme looks really exciting with many great days of fun planned. Please be sure to come into the office and check out the brochure. sKiDs is extremely well priced too.

SCHOOL GATES

Our school is completely fenced and the gates are shut for the entirety of the day. Fencing ensures the safety of our students. It is essential that these gates remain closed until the 3pm bell. I know this can be inconvenient for parent access but during these busy times some of our high needs students are most at risk. I appreciate your support in ensuring the safety of our students.
